### Planning Application 35/17/0013

This is an application for a change of use of land and agricultural buildings at **Kittisford Farm** near Bathealton to form 10 dog boarding kennels, 1 quarantine kennel and the provision of fencing and an exercise area.

### Planning Application 35/17/0009

This is an application to create an agricultural access to a field from Ham Hill on land adjacent to The Croft in Appley.

### Prior Notification Application 35/17/0020CQ

Prior approval is being sought for a proposed change of use from an agricultural building to a dwelling and associated building operations at **Newhouse Farm**, Kittisford.

Parishioners should note that this is not a normal planning application. It is a notification to the planning authority of a permitted development which can only be refused if it does not meet the criteria for the change of use. There are therefore very limited grounds on which to comment or object. Further information is available on the following web link
